IMPORTANT NOTICE

RE: Federal Income Tax Withholding on Pension Payments

Dear Pensioner:

We are required by Federal law to inform you that the payments you receive from the Central Pension Fund may be subject to Federal income tax withholding.

You may elect not to have Federal income tax withheld by electing **Option 1** on the enclosed Election form. If you elect not to have Federal income tax withheld, or if you do not have enough withheld from your monthly pension, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient.

If you fail to make an election (or if you elect **Option 2B** below), Federal income tax will be withheld as if you were a married individual claiming three withholding allowances. As a result, no Federal income tax will be withheld if your pension payments are less than \$24,396.00 annually (\$2,033.00 monthly). As explained below, if your pension exceeds those amounts, the amount withheld from your pension will be determined based on the Monthly Deduction Schedule for Option 2B on the enclosed Election Form (which is based on the amount of your monthly pension).

If you want us to withhold a different amount on your behalf, you must elect **Option 2A** (withholding based on IRS Form W-4P) or **Option 2C** (withholding based on a specific dollar amount) on the enclosed Election form. Regardless of the election you choose, it is important to keep in mind that if you have other income that would affect the amount of taxes you owe, you may need to pay additional taxes.

Your election will remain in effect until you revoke it. You may revoke your election at any time by returning a signed and dated revocation form to the Central Pension Fund. Any election of revocation will be effective no later than January 1st, May 1st, July 1st or October 1st, after which it is received, so long as it is received at least 30 days before one of these dates. You may make and revoke elections as often as you wish. Additional election forms may be obtained on our website at www.cpfuoe.org, or by contacting the Central Pension Fund.

As a retiree, you must choose one of the following Options regardless of your monthly amount:

Option 1): You elect not to have Federal income tax withheld from your pension (not available if you live outside the United States).

Option 2): You elect to have Federal income taxes withheld:

- A. Based on the allowances and marital status you select on IRS Form W-4P.
- B. As if you were married and claimed three (3) exemptions.
- C. Based on a specific dollar amount that you specify to us.

If you choose Option 2B (default election as if married and claiming 3 allowances):

The amount that will be deducted from your monthly pension (if any) will be determined based on the Monthly Deduction Schedule for Option 2B on the enclosed Election Form.

If you wish to have Federal income tax withheld based on a specific dollar amount, check box 2C, specify the amount, fill in the information, sign, and date and return the enclosed form to the Central Pension Fund.
